How to sign up for the online STRIPE HIV Pre-/Post-test

Please note before proceeding

The STRIPE HIV Pre-/Post Test is intended **exclusively for learners participating in STRIPE HIV trainings**. Please do not proceed if you are not attending a STRIPE HIV training.

WEBSITE ADDRESS: https://stripe-website-dev.globalhealthapp.net/

Step 1: Navigate to "How it Works" under the Evaluation Menu

Click the SIGN UP button to gain access to the evaluation tools on the STRIPE HIV Website. You will be prompted to fill out a form with the following fields. Please note the tips below in order to complete the form accurately and successfully!

- **First Name**
- **Last Name**
- **University Affiliate:** This is the medical or nursing school that is hosting your STRIPE training program—if you are uncertain which institution to select, please ask one of your STRIPE HIV Facilitators.
- **Country**
- **Partner or Clinical Sites:** If your partner institution or clinical site is not available in the drop-down menu, please select "Not Listed" and type the partner institution and/or clinical site that you are representing in the text field that appears.
- **Training Level**
- **Health Profession Category**
- **Gender**
- **Email address**--you will need to enter 2x
- **Username:**
  - » Make note of the username you select in a safe and accessible place so that you can sign into the site.
- **Password:**
  - » Your password must:

    - › Be a least 8 characters
    - › Include at least one lowercase letter
    - › Include at least one uppercase letter
    - › Include at least one number

  - » Make note of your password in a safe and accessible spot so that you can sign into the site.
- **Accept:** Please read about the purpose of the evaluation and provide your consent to participate and proceed by clicking "accept."

Step 2

You will be redirected to the STRIPE HIV Pre-Test where you will click "Start Pre-Test" to begin

Step 3

Prior to your STRIPE HIV Training, complete take the Pre-test for the required modules and any other non-required modules that you wish to and/or are directed to complete by your facilitators. To find the pre-test, sign in to the website using your username and password, navigate to the "Evaluation" heading at the top of the website (on a mobile device the "Evaluation" heading will be within the main menu of the mobile site) and click on "Pre-test."

Step 4

Following the STRIPE HIV training, complete the Post-test by returning to the website, signing in using your username and password and clicking on "Post-test" under the "Evaluation" heading as described in Step 3.

To reset your password

Visit the sign in page on the STRIPE website and click the **Forgot your password?** link. You will be redirected to a new page to enter your email address or username. Click the **Reset My Password** button and you will receive an email containing a link that leads to a page that allows you to set a new password. Enter the new password and click on the **Change my Password** button.
